INDEX

About the Index

This is a complete name index. The only variance is found in abbreviated given names. The name recorded as "Wm" in the text, for example, will be listed under "William" in the index. The **page numbers shown in the index are those of the original record**, not by our page numbers. The slave and free persons of colour are indexed separately for quicker reference.

Under the grant requirement of the R.J. Taylor Foundation, it is not acceptable to change a name in the text even though the writer knows it is spelled incorrectly. For this reason the reader may find a name in the index spelled both ways; that is, what the writer believes it should be and the way it was apparently spelled by the clerk. Always, it is intended that the spelling shown by the clerk, be reflected in the text. When an asterick (*) is observed in the index next to a page number, it implies that the correct spelling is in question. In this case the reader will find the name in the text spelled differently as shown in at least one of the entries to the index.

Some names to watch

The names **Hunt** and **Hurt** are sometimes confusing. Both families are in the records. Since there is only one letter difference in the name (the "r" and the "n"), it is often impossible to distinguish the difference between the names.

The surname "L'Acee" is also shown as in *John L. Acee*, in some cases. In the text the names of the same persons are shown as L'Acee / LAcee / Lacey / & L. Acee

Other names which are spelled in different ways include:

Rees/Reese/Reaves/ Rieves	<u>Rives</u> - seems to be a different family	
Bird/Byrd	Atkinson/Atkerson	Dickenson/Dickerson
Dixon/Dickson	Johnson/Johnston	Wilkenson/Wilkerson
